

## Mineral Fact Sheet

<b>Cobalt sulphate heptahydrate</b>	
<b>Formula:</b>	CoSO <sub>4</sub> x 7 H <sub>2</sub> O
<b>CAS No.:</b>	10026-24-1
<b>EC No.:</b>	233-334-2
<b>Feed Additive Register:</b>	E 3
<b>Manufacturing Process:</b>	
<b>Characteristics:</b>	
Cobalt	21 %
Appearance	pink to red crystalline powder
Apparent density	1.95 kg/l
<b>Handling, storage, toxicity:</b>	
Harmful if swallowed. Avoid dust formation, avoid contact with eye and skin.	
Store dry and cool in protected container.	
<b>Specific information:</b>	
High bioavailability, economic source of cobalt	
Dangerous good, ADR transport UN 3077, class 9	
Feed operators using Co compounds need to be registered according Reg. 183/2005	
Conditions for use are laid down in Reg. 1334/2003
